

**Application timeline extended
until September 4th.
Take your chance!**

**Research
Fellowship for
Parenteral
Nutrition
Latin America**
by Fresenius Kabi

**Strengthening
the future of
Clinical Nutrition
Research**

The United for clinical nutrition initiative takes an additional next step, supporting parenteral nutrition research with a € 100,000 grant for Latin American Healthcare Professionals. The Grant will be awarded to an institution with an original project directly relevant to the therapeutic area of parenteral nutrition.

Applications are open until September 4th, 2023. They will be reviewed by the Research Grant Committee consisting of renowned experts in the field of clinical nutrition during course of September. The winner will be announced at the FELANPE Congress in October in Asunción.
